

SAFETY NOTICE

Please take care when opening and closing the bin lids

Bin lids - safe practice

Please ensure the brakes are on before loading

Please ensure the bin lid is fully opened whilst decanting waste

Do not permanently leave a wheeled unit lid open

An unattended lid can lead to head, shoulder or back injuries

To minimise risk of injury, please ensure lid is closed and locked after use

Safe handling of a wheeled unit

Do not store on uneven or soft surfaces or steep gradients

Do not overfill wheeled units to avoid back and shoulder injuries when moving the bins

Ensure you move your wheeled units with two hands

We protect what matters.
