

## Discarded and contaminated needles

We will collect sharps and other drug related paraphernalia that has been discarded in public places, and then transport it for treatment.

Our unrivalled infrastructure of waste treatment facilities, transfer stations and comprehensive fleet of specialist vehicles gives us a real advantage over other companies.

## Why we're the perfect partner for you.

### You contact us

On discovery of the sharps & discarded items, contact us immediately so our expert staff can advise you.

### We collect

Our ADR trained site service personnel will attend the location and handle collection safely and rapidly.

### We treat & dispose

All your waste is compliantly and securely processed, giving you peace of mind.
