

Dental Waste Disposal

Stericycle helps dental practices stay compliant. Through a range of tailored solutions, we help protect people and brands, promote health and well-being, and safeguard the environment.

You play a significant role in the health and well-being of your patients, and we understand how difficult it is to manage the various regulated waste streams while keeping your employees and facility in line with regulatory requirements.

OUR SPECIALISED WASTE DISPOSAL PACKAGES FOR DENTISTS INCLUDE THE FOLLOWING TYPES OF WASTE:

- Sharps Management
- Lead Foil Bins, Sludge Drums & Tooth Pots
- Amalgam Separator Disposal

Why we're the perfect partner for you

You Segregate

Segregate and store each type of specialist waste separately.

We Collect

Arrange a regular, scheduled service and/or contact us for additional or ad-hoc collections.

We Treat & Dispose

All your waste is compliantly and securely processed, giving you peace of mind.

PUT YOUR TRUST IN A LEADING IRISH SPECIALIST WASTE PARTNER

All of our risk waste containers are UN approved and we have our own fleet of vehicles and dedicated waste disposal facilities. This means that we offer you compliant, fully trackable and auditable end-to-end specialist waste solutions that helps you protect your business, your employees and your clients.
